

Aviation Technical Services (ATS) specializes in making the MRO process better through reducing span times, increasing mechanic efficiency, and lowering overall costs through maintenance prevention strategies including targeted delivery of PMA parts and STC offerings.

CargoTek™ Cargo Bay Protection by ATS reduces cargo bay maintenance costs and cargo-related gate delays. Unprotected cargo bays are often damaged through routine use which can be avoided by installing ATS protection products. Our CargoTek products are easy to install and are currently in service with airlines operating Boeing 737s.

CUSTOMER BENEFITS

- Minimizes gate delays resulting from unexpected discovery of scratches, dents, cracks and/or corrosion on original equipment cargo bays
- Avoidance of expensive, time-consuming, and oftentimes unexpected repairs
- Simple, one-person installation
- Sections can be individually replaced or removed for quick access to sub-floor
- Reduces incidental damage to cargo bay walls and floors
- Complete CargoTek solution includes: Pit Liner, Side Wall Protector, Net Anchor Guard, Stop Block, Blow Out Panel Protector, Door Shield, Anti-Bump Belt Loader Flag, and TSO Tie-Down Strap Pouch

ATS PRODUCT REFERENCE

Please contact our sales representative for part number applicability.

TECHNICAL SPECIFICATIONS

- FAA Certified Design under STC # ST04081NY, PMA Obtained
- Made from impact-resistant Kydex® T
- Water/moisture resistant
- Precision tooled to completely cover pit floor while accommodating all hold-down locations and openings. All fasteners are completely covered by our pit liners
- UL Std 94 V-0 & 5V fire rating, meeting CFR 25.855 requirements
