

ATS (Aviation Technical Services) specializes in making the MRO process better through reducing span times, increasing mechanic efficiency, improving airline operational performance, and lowering overall costs through maintenance prevention strategies including targeted delivery of PMA parts and STC offerings.

The EverLatch™ Cargo Door Latch by ATS is a cost-effective solution to a long-standing cargo door latch problem where operators experience fuselage skin and cargo door housing damage from sheared off nylon bumpers. The EverLatch is easy to install and is currently in service with airlines operating Boeing 737NGs.

CUSTOMER BENEFITS

- Innovative design eliminates door skin and latch housing damage
- Improves service life of the external door cover
- Improves performance and reliability
- Fully sealed handle maintains aerodynamics
- Part can be replaced during aircraft overnights without special tooling, minimizing maintenance costs and aircraft downtime
