Dear Mr. Cornell:

Subject: Recognition of FAA Accepted Safety Management System

The Federal Aviation Administration (FAA) recognizes Aviation Technical Services, Inc. Parts Manufacture Approval (PMA), as having an accepted Safety Management System (SMS), that is compliant with the requirements set forth in the SMS Voluntary program.

The Certificate Management Section will continue to assess the performance and integration of current SMS processes into your PMA production. You must continue to apply your developed and implemented SMS processes to meet the FAA's SMS Voluntary Program requirements.

Thank you for your continuous commitment to improve aviation safety.

Sincerely,

Bobby G. Lindsay
